**17th SWISS CLASSIC BRITISH CAR MEETING**  
**4 OCTOBER 2008**

For the 16th edition held last October, Morges lived up to its reputation of laying on good weather for the Swiss Classic British Car Meeting. We welcomed 1400 cars and motorbikes along the quays and in the park, and a record 20,000 very interested visitors, all this in glorious warm sunshine.

So don't miss the 17th edition. We welcome any British make or model, preferably at least 20 years old, younger if your vehicle is of special interest to the public.

For the 2008 edition we are planning great weather and a very unusual event involving **The Austin**, the featured make for 2008. One of the participants of the Swiss Classic British Car Meeting is going to repeat the 1947 Austin publicity stunt 60 years on, visiting seven European capital cities in seven days, starting in Oslo, visiting Stockholm, Copenhagen, Amsterdam, Brussels, Paris and finishing in Bern.

The journey will be undertaken, just as it was in 1947, in an Austin Sixteen. After arriving in Bern the car will then be presented the next day at Morges in the Chateau grounds along with other pre-1960 Austins.

Why not turn your visit into an enjoyable weekend. The Morges tourist office are offering unbeatable deals at local hotels, visit our website for details. Don't forget to plan your visit so that you can take in the Geneva Classics at the Palexpo centre on the Sunday, [www.geneva-classics.ch](http://www.geneva-classics.ch). Come on Friday and stay till Sunday

The police have again arranged a special entrance to the meeting for us this year, via the large roundabout on the Geneva side of Morges, please see the web-site for detailed plans.

Enjoy your summer driving and see you in October.

*Keith Wynn*
